

WHY HOMEOWNERSHIP IS ONE OF THE BEST OPPORTUNITIES TO CREATE WEALTH IN THE UNITED STATES

with a record of 71-6-5, housing has been the winner since 1944!

People think that because home prices surged in 2020 and 2021, there must be a drop coming soon. But the history of the housing market tells a different story.

- 1943 - 1947:**
Prices jump 118%, then go 43 more years without a drop
- 1974 - 1979:**
Prices jump 93%, then go up for another 10 years
- 1990:**
Prices dip 1% then have 14 positive years
- 2007 - 2011:**
Many focus on this time period, but today's market is very different
- Today:**
4M in inventory in 2007 vs. only 1.29M* today

Contact me today to learn why buying a home in today's market is a great move!
