

Add List & Lock™ to Your Toolkit

THE FUTURE OF RATE BUYDOWNS

Rate buydowns can help home buyers save thousands on their mortgage, but what if they could potentially save even more?

Why List & Lock Beats Traditional Buydowns:

Credit of up to \$5,000

Upon a successful *List & Lock* closing, sellers will benefit from *List & Lock & Save*, earning them a credit of up to \$5,000 toward their next purchase*

Flexible Rate Lock

Lock a rate now for \$999 (refundable) or lock later if you think rates will fall for \$49 (refundable)

Extra contribution from CMG

CMG will contribute an extra 1% to lower the rate further, giving buyers even more savings!

A Win-Win for Buyers and Sellers:

- » **Buyers:** Found the perfect home? Instead of negotiating a lower price, ask the seller to use *List & Lock*. This allows you to secure a lower interest rate on the property, potentially saving you thousands on interest and potentially letting you afford more home.
- » **Sellers:** With *List & Lock*, you don't have to drop your asking price to attract buyers. By offering a lower interest rate instead, your property becomes even more appealing. Plus you'll get a credit of up to \$5,000

Why It Matters:

In today's competitive market, *List & Lock* is a game-changing tool for buyers, helping your clients save more on interest. Instead of asking sellers for a buydown or a price reduction, ask them to look into *List & Lock* instead!

If you want to learn more about the tool, let us know.

*Home Seller has 1 year to execute the List & Lock & Save. The 1-year countdown starts either from date the loan funds on the List & Lock property or the lock expiration date (whichever is sooner). Only one List & Lock & Save transaction per List & Lock use. Not available on the All In One Loan, HELOCs, Bond/HFA loans, Brokered loans, Regional investor loans, Construction loans or 2nd liens. Cannot be combined with a lender credit or other credit program.

Lock cannot be transferred to another property address. While List & Lock™ can help buyers significantly, it is not a guarantee to lend. If a buyer is interested in purchasing the listed home at the advertised rate, they must still qualify for the loan. The benefit is that they won't have to qualify for the loan based on the higher market rates; instead, they will be qualifying on the List & Lock™ rate. They will have several loan options to choose from through List & Lock™ -- Conventional, FHA, VA, and select adjustable-rate mortgages (ARMs). The same type of credit and discount can be applied to other loan programs, but rate adjustments could occur. This program comes with lock and float options. If you lock your rate and you're concerned your closing could extend beyond the 60-day period, contact your loan officer to discuss extension possibilities.
